DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(c), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(c) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 25 February 2009 has been entered.

Response to Amendment

2. Applicant's amendment filed 25 February 2009 amends claims 1 and 21. Claims 3-6, 15-20, and 22-30 have been cancelled. Applicant's amendment has been fully considered and entered.

Response to Arguments

3. Applicant's arguments have been fully considered and are persuasive. The previous rejections of claims 1, 2, 7-14, 21, and 31-35 have been withdrawn.

Allowable Subject Matter

4. Claims 1, 2, 7-14, 21, and 31-35 are allowed.

The following is an examiner's statement of reasons for allowance: The claims are directed towards a network port authentication embodiment wherein a supplicant system loads firmware instructions during the pre-boot phase that issues a boot request over a network. The boot request identifies an operating system image accessible over the network. The firmware instructions transmit information identifying the supplicant system to the authenticator system coupled to the supplicant system, and transmits authentication credentials to the authenticator

system to authenticate the network port. Once authenticated, the operating system image is passed to the supplicant system wherein it is booted and a subsequent network port authentication procedure is carried out.

The prior art does not disclose or make obvious the claimed features described above, wherein this composite recitation incorporated into independent claims 1 and 21, renders these claims, and their dependants, allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to BENJAMIN E. LANIER whose telephone number is (571)272-3805. The examiner can normally be reached on M-Th 7:00am-5:30pm.
